

Hello,

I am Richard Lascurain, the owner of *A Vanity Affair Salon*. I have been active in the beauty industry for over 25 years and have watched styles come in and out of fashion only to reappear again. I consider myself very skilled and professional. I love to laugh and talk with everyone. I am a happy individual who genuinely loves people.

When it comes to my profession, I simply love hair. I especially enjoy making my valued customers and friends look and feel their very best. My specialty is listening to what they want and blending that with my years of experience and continuing education.

My mission is to assist you in maintaining your unique personal style. I will make you smile.

Richard
